- 1-hour training

Why it's worth it

- Customers get answers at 9 pm, not tomorrow
- Fewer no-shows with automatic reminders
- The missed call gets a text, not a competitor
- More Google reviews with one tap
- You own every account. Walk away any time

How it works

- **1.** Call or text for a free 15-minute chat
- **2.** Get a fixed written quote
- **3.** Pay the setup fee; I build and test it with your real questions
- **4.** Go live. Your free month starts
- **5.** Keep it, or cancel before the month ends

Terms: Setup fees are paid up front, before work starts. The first month of any monthly plan is free, starting when setup goes live (for Website Care, on sign-up); cancel before it ends and pay nothing more for the plan. Chat platform, text-message and booking-tool fees are billed by those providers directly to you (usually about C$20–$100/month). Results such as Google ranking or customer numbers are not guaranteed. Reminders are sent with consent and opt-out in line with CASL.
